Environment and Management Committee Meeting

19:00 on Wednesday 17th October 2018
Harlestone Village Institute NN7 4EH

AGENDA 001

- REMIT:** *This committee will be responsible for the management of the Parish environment to ensure that it is tidy, presentable, free of litter and a place where we are proud to live.*
- DELGATED POWERS:** *Decision making for low level items, with an expenditure limit of £150 per item subject to an annual cap of £1000.*
- DECISION MAKING:** *At the sole discretion of the chairman, this committee can make decisions on low level items but on more important issues the committee will make recommendations to the full council.*
- STANDING ORDERS:** *Relaxed on public debate to encourage participation from members of the Parish.*
- CRITERIA FOR THE E&M COMMITTEE:** *Must be in line with the Conservation Management Plan and Harlestone Manor Parks and Open Spaces management company Green Belt.
Cohesive with the future Neighbourhood Plan.
Village rural nature preserved but not sanitised.
Consult with landowners, farmers and parishioners about our actions.*

ITEM 26. ATTENDANCE AND APOLOGIES

Chairman: Cllr Tim Cross

Cllr Russell Francis

Stella Westal

Mark Yoxon

Richard Dyball

Louise Mills

Stewart Clark

Sarah Gyde

ITEM 27. APPROVAL OF MINUTES FROM THE PREVIOUS MEETING

ITEM 28. DECLARATION OF INTERESTS

ACTIONS FROM THE JULY MEETING

4.1 Consider what action to take in respect of the untidy/potholed parking area close to the entrance to Ivor's field and The Green.

EO to seek permission from Althorp/Highways

MOP: 5 cars parked here at the weekend, parking here is very dangerous for other road users with doors opening into the road. We have 2 very good car parking areas in the village.

Louise: the Church Lane car park is not suitable for general parking on a school day.

EO: this area belongs to Althorp not Highways. It is a verge not a carpark

Russell: to mention this area with Ian Boyes (Highways) on Monday 20th Aug

*Russell: met with Ian Boyes of Highways, Ian confirmed that this area is owned by Highways and not owned by Althorp. *Note: (This is obviously a contested area of ownership)*

Discussed options for this area:

- Consider posts to identify parking or stop parking*
- Parked cars could be a hazard*
- Previously trees have been pulled up to extend the parking*
- Posts would be accepted by Highways but funded by the HPC*
- Top soil could be an option to level this area*

Richard: damaging verges is prosecutable in law

Mark: mounds of earth would stop people, but people would probably just move further up the road to park.

Russel: I will action some Cotswold style signs to put on a raised verge for this area

PENDING

4.4 EO to write to the GC and explain the situation with the coffee cups, they may need to put a litter notice up at the GC and invest in new bins. Could users bring their own cups?

EO: spoke with Stephanie at the Golf Club re the coffee cups, I was informed that they have a problem with birds emptying the bins, they will look into new bins or new lids. The groundsmen will perform checks of the bins.

Russell: the GC have agreed to clear the gravel/silt in the dip of Golf Lane (frequency to be determined)

Russell: the GC had an initial go at clearing this area, residents reported that this area needed to be further cleared. Had a site meeting with Barry Randalls from the GC and this has now been done successfully.

Raised the issue of wheelie bins with B.Halliday as this road looks like a permanent bin day. Need to consider the bins of the other residents.

PENDING

4.4 Chairman to look into costs for repeater signs/installation and visit the site to view the build-up of silt with a view to an annual removal plan.

Chairman: Nordis cost for 6 repeater signs is £188.82

Note: a budget of £120 had already been set and agreed by the HPC council, this committee agrees to purchase the full 6 signs with the extra cost of up to the full £188.82, chairman to order asap. This is in line with the committees £150 max spend per item guidelines.

Tim: the signs are all in hand and we are waiting for delivery. B.Halliday agreed to install the signs with the help of the residents

PENDING

5.1 EO to contact the Heart Foundation/EMAS to find 3 suitable external heated boxes to purchase asap

EO: I have ordered and paid for these boxes, delivery date is tomorrow

EO: we now need to consider locations, permissions and installations

Stewart: we need to consider a maintenance schedule/check schedule

EO: the heated boxes have arrived, need to finalise the locations for installation. Will meet with Tudor Davies to confirm the HVI location.

Estimated cost of installation is circa £120 per box inc materials. Spend already agreed in the budget.

EO: will contact the Fox & Hounds to confirm the external location of the heated box.

Russell: the telephone boxes would make a good future location.

EO: EMAS East Midlands Ambulance Service contacted the EO to confirm whether the HVI Defib had been used after a 999 call was received for this area.

PENDING

5.2 Chairman to visit existing bins to check for condition and quantity of salt, to consider if we need any more?

Chairman: all of the bins have salt apart from Crosshill which is only ¼ full and are in good condition, we have an email requesting a grit bin to be placed on Golf Lane. The bins cost £80

MOP: the public and the GC would both benefit from this bin

Mark: I believe that the GC should pay towards this

MOP: there are no grit bins on Harlestone Manor

<p><i>Stewart: we need a bin on HM near the park as this road is steep, this could be a problem with Green Belt</i></p> <p><i>EO: any new grit bins placed on Althorp land will need written permission</i></p> <p><i>Louise: please consider a new bin near the telephone box on the A428</i></p> <p><i>Tim: a grit bin on the A428 being a major road is dangerous and is also on a salting route. This will not be pursued.</i></p> <p><i>The GC has offered a free salt bin for Golf Lane, location identified by B.Halliday next to the treatment tank. The HPC will fill this bin with salt.</i></p> <p><i>EO: Althorp will need to confirm this location is suitable. I will confirm the cost of the salt bags.</i></p> <p style="text-align: right;">PENDING</p>
<p><i>5.3 EO to contact the NCC to find out if they will fund new bins and will continue to fill the current ones.</i></p> <p><i>EO: NCC will not fund new bins. Street Doctor will need to be called to refill the bins. Salt bin wardens to be considered</i></p> <p style="text-align: right;">PENDING</p>
<p><i>5.4 EO to chase the noticeboard quote</i></p> <p><i>EO: the cost of the noticeboards is £900, one for UH on posts and one in LH on the wall next to the telephone box, installation permission will be needed. We need to buy 2 x pin boards.</i></p> <p><i>MOP: can get cheaper pin boards, EO to email the dimensions</i></p> <p><i>EO: should be completed within 2 weeks, Althorp have agreed to the locations</i></p> <p><i>Chairman: the noticeboard for HM is pending due to Green Belt issues.</i></p> <p style="text-align: right;">PENDING</p>
<p><i>5.5 S.Westall to action the dog bin relocation and new installation and bring information/costs back to the committee</i></p> <p><i>Stella: no movement on this so far, the DDC have new contractors and the person I need to speak to is on holiday</i></p> <p><i>Stella: the bin has been moved by myself after receiving permission from the authorities. Moved to the other side of the HVI.</i></p> <p><i>The written permission to be emailed to the EO to be filed.</i></p> <p style="text-align: right;">PENDING</p>
<p><i>6.0 Cross Hill</i></p> <p><i>EO to ask Althorp if this would be a suitable location for the WW1 commemorative Oak Tree</i></p> <p><i>EO: to double check with Althorp that this location is suitable?</i></p> <p><i>Chairman/Russell: the Highways will pay to take the tree down, will raise this at the Monday meeting, the tree is full of disease.</i></p> <p><i>MOP: perhaps a slice of the tree could be engraved and mounted somewhere?</i></p> <p><i>Russell: Ian Boyes has agreed to take down the tree before armistice day. We are not going to go for railings. The armistice working party will look to purchasing a plaque.</i></p> <p><i>EO: to confirm that Althorp will kindly supply an Oak Tree.</i></p> <p style="text-align: right;">PENDING</p>

6.1 Yew Tree

*EO to ask Althorp for their advice and possible help with maintenance and rabbit fencing
EO: the location needs to be identified to the estate and they will ask their qualified head forester to look at it.*

Russell: I would like an update from Althorp regarding this tree and to see the report.

Tim: it has survived a 1000 years, so maybe it is best left alone

PENDING

7.0 RF to contact Highways for possible solutions for verge wear and tear

*Russell: many verges get damaged especially over winter, a 20mph restriction is not possible.
Maybe more signs saying keep off the verges.*

Richard: most damage is done on a Thursday from the bin lorries as they drive over the verges.

**Note: photo evidence needs to be collected to back up an official complaint.*

PENDING

ACTIONS FROM THE AUGUST MEETING

Sarah:

- *To organise litter picks and feed-back ideas to the Chairman (consent will not be given on Estate land)*
- *A428 around the Wyevale parking layby*
- *Litter Bins - Entrance road into Harlestone Manor and at the bus stops either side of the A428*

Sarah: can I ask why we need consent from Althorp?

EO: any land owned by Althorp will need permission, because this is private property and because volunteers will not be insured working on estate land.

Sarah: below is a framework to work with

- *Gain consents and permissions*
- *Publicise awareness to get volunteers involved*
- *Social media, website, noticeboards, area champions*
- *Upper Harlestone Champion – Sarah Gyde*
- *Lower Harlestone Champion – TBC*
- *Harlestone Manor Champion – Stewart Clark*
- *Dates to be identified*
- *Create a WhatsApp group*
- *Equipment from DDC: litter pick kits for up to 20 people include: bags, hoops, grabbers, gloves and Hi-Viz*
- *Need to let the DDC know where the full bags will be collected from, possibly the rear of the HVI*
- *Initial meeting in the HVI carpark, briefing, H&S and hand out equipment*
- *Agree max 2hrs at a time*
- *Rural England – Risk Assessment Form to be completed*

- *Be aware of dangerous objects including: drugs, syringes, glass and medical*
- *De-brief at the end of the litter pick*
- *Check any restrictions regarding speed limits of roads*
- *Use of safety cones*
- *First litter pick in October*
- *Names and contact numbers of volunteers to be collected by S.Gyde and kept on record by the Clerk under GDPR regulations*

PENDING

Stella:

- *Dog Bin overflowing at the entrance to the Firs, is this facility adequate?*

Stella: there is a super-sized dog bin here which is adequate. However, the general bin is just a black bin bag on a metal frame. As this is Althorp land would they consider a bin that would separate plastic, glass and metal as well as general waste?

PENDING

Stella:

- *HVI Green and Verge, replacement posts*
- *To get a quote for the wooden posts needed*

Stella: we have 9 posts on the verge, 52 posts on the green. R.Dyball initially installed them and is happy to replace any damaged ones.

Quote: guide price £7.50 per post (6ft x 4" x 4")

Costs to be proposed at the next HPC meeting 4th October

PENDING

EO:

- *EO: to continue the dialogue with Althorp and secure the allotments for the parish.*

EO: we previously agreed to accept the kind offer from Althorp to manage the allotments in Upper Harlestone which will be available for the whole parish.

On Wednesday 17th October I will be attending an NCALC training to learn about managing and legislation regarding allotments.

PENDING

EO update:

- *The vegetation including Buddleias are hanging over the wall and across the path on the A428 opposite the Old House in LH. Weeds are overgrown in the Blacksmiths Yard. What is happening with the large cut down tree in the garden above the Blacksmiths Yard?*

EO: I can confirm that Althorp have scheduled the A428 area to be cleared on Sat 20th or Sun 21st October weather permitting.

Blacksmiths Yard has been cleared by Althorp. I believe that the tree in the garden above is on private land and not the responsibility of the Estate.

PENDING

SEPTEMBER ACTIONS

Action 1

Mark:

The DDC Tree Policy is 8 years old, I will make contact to arrange a meeting to discuss the trees in the village.

Tim:

Remember that Althorp do an outstanding job of managing trees in the parish.

PENDING

Action 2

EO: could Althorp ask the farmer to trim the hedgerows around the fields at either end of the Lower Harlestone A428 please.

PENDING

Action 3

EO was asked to get quotes for the following areas to be strimmed and blown:

- *East Lodge to the speed camera*
- *Opposite the Old Bakehouse to the Bramptons (inc path cleared)*
- *From the LH bus stop to the Firs*
- *From the Firs to Harlestone Manor*

PENDING

Action 4

Mark:

- *I don't believe that there is a listing for the ford and the bridge in LH.*

Tim:

- *I will check the official listings and the architectural/historical list, if it is not on either then we could apply.*

PENDING

Action 5

- *Could 4 areas be looked at for ownership/maintenance:*
- *From the ford in LH up to Manor Farm, area needs tidying/clearing. (Althorp/volunteers?)*
- *Opposite the Bakehouse along the path up to the Bramptons turning, path full of soil/weeds, overhanging foliage and the hedge at the top needs trimming. (Althorp/Highways?)*
- *Garlic Wood is full of piles of tree protectors (Althorp/volunteers?)*
- *From the sty near the ford to the Golf Club lake (Althorp/volunteers?)*

PENDING

Action 6

- *Large wind damaged branch overhanging the Church Lane reported*
- *Reported by Martin.B, large branch hanging loose near the Church Lane, could the Althorp forester check for safety*

PENDING

Action 7

Church Wall Stone Missing

- *The Chairman noticed stones missing during a village walk. G.Mortimer believes they could have been missing for many years.*
- *Need to try and identify whether this is part of the Althorp wall or C.Clayson's wall and consider repairs.*

PENDING

Action 8

Agenda item 23. Risk of winter stream flooding

In the 600 metres between the wall across the road from 102, Virginia Cottage to The Grange there is only about 20 to 30 metres of stream visible. For the majority of the distance the stream is completely hidden due to total coverage of vegetation, especially the final 200 metres before The Grange. This is not vegetation overhanging from the bank, it is dense foliage growing in the stream bed. Reported by Tudor.AD

EO:

- *To contact Althorp regarding this area, to find out about ownership/maintenance and whether this could be a volunteer project.*

Richard:

- *There is a metal grid that is full and needs clearing.*

PENDING

DISCUSSION ITEMS

ITEM 29. Committee to consider the following project to be put forward to receive a Daventry funding grant

EO: what kind of projects can this grant fund?

Projects considered/discussed to get funding for:

- *Tim: speed hump traffic controls to be installed in Upper Harlestone on the road up to the Village Institute to slow the traffic. Highways to be contacted for permission.*
- *Stella: could the footpath from the UH green (Nursery Corner) down the hill be tarmaced to stop having to walk on mud.*
- *Russell: wrote a report on 2 walls that are Althorp's responsibility. These walls are located along New Road next to the quarry and near Virginia Cottage. Perhaps the grant could be used to rebuild these walls.*

ITEM 30. Village Walk No.3 Harlestone Manor

Chairman: update and possible actions needed

ITEM 31. General Maintenance

(Grass cutting of verges, open spaces, maintenance of hedgerows, footpaths/bridleways, litter collection, dog fouling)

Discussion Notes:

- *Consider a project to look at footpaths, bridle ways and other walkways that need maintenance that would benefit the parish (possible use of CIL money) – item raised by Cllr Stock*
- *Russell: Permit for the HPC to use the NCC Waste Recycling Centre*
- *Give Way sign positioned at the top of Golf Lane on the A428 has faded and needs replacing. Reported to Street Doctor. Urgent*
- *Consider a Maintenance Programme for walls, hedgerows, trees, footpaths, fences and signs etc.*
- *Possible location for two additional dog bins.*

ITEM 32. Dog Fouling Project Update

The committee to be part of the dog fouling spray project, this identifies the mess for adults & children and then shames owners who don't pick up after themselves. This is a bio-degradable spray in bright orange.

ITEM 33. Manor Farm Update

Possibly one of the oldest buildings in the village.

Note: the committee voted and agreed that the (CO) Rachael Booth should be contacted.

Meeting Duration: 0hrs 0Mins

- | | |
|---|-------------------------|
| • Road/Village Signs | Chairman |
| • Dog Bins | Stella |
| • Grass mowing/verge maintenance/hedgerows | Russell |
| • Footpaths/bridalways | Louise (Reporting Role) |
| • Inventory of Parish fixtures and fittings | Executive Officer |
| • Grit Bins | Chairman |
| • Noticeboards | Executive Officer |
| • Litter Bins (HM) | Chairman |
