These two new councils will start providing services to the residents and businesses of Northamptonshire in April and two Health and Wellbeing Boards will be created, one for each of the new unitary councils. The aim of the Health and Wellbeing Board is to secure:

- better health and wellbeing outcomes in the region
- better quality of care for all patients and care users
- better value for the taxpayer.

In doing so, the Health and Wellbeing Board brings together the NHS, local councils, the Police and other services.

The Health and Wellbeing Board for both Councils will be under a statutory obligation to draft, consult upon and publish a pharmaceutical needs assessment in accordance with the National Health Service (Pharmaceutical and Local Pharmaceutical Services) Regulations 2013, as amended, by 1 April 2022. Work started in the summer of 2020 in order to meet this duty with the assistance of Primary Care Commissioning Community Interest Company (PCC).
